EDUCATION

UCF Coding Boot Camp - Orlando, FL
Certificate of Completion (July 2022)
UCF - Orlando, FL
B.S. Digital Media - Game Design (June 2020)

PROJECTS

The Rabbit Hole
- Developed a **Handlebars.js** front-end using **HTML, Bootstrap,** and **JavaScript** to display user data
- Developed a **RESTful Node.js** backend server using **Express.js** to edit and retrieve customer data
- Designed and implemented blog style web pages with **Adobe XD**
- Utilized the **MVC** paradigm to generate dynamic content from a **MySQL** database

Ecommerce Backend
- Developed a CLI in **JS** for users to access a **MySQL** database, simulating an online storefront
- Deployed a live **Express.js / Node.js** server through **Heroku**
- Created a **RESTful** API for users to perform **CRUD** operations in the online store

Roses Are Red
- Built a live website for users to plan dates with the help of **3rd Party API's**
- Employed **JS** to make a responsive user focused site with dynamic content generation
- Leveraged the **Bootstrap** library to facilitate consistent **CSS** classes

EXPERIENCE

Prato on Park - Orlando, FL
Server (July 2019 – July 2021)
- Worked cohesively with a team, and as an individual to provide exemplary customer experiences
- Effectively communicated with guests to sell high quality products
- Maintained professionalism in a faced paced environment with high service standards
